tuesday 12th - sunday 17th April | 9.30 a.m.-8.00 p.m.

wednesday 13th April | 9.30 a.m.-11.00 p.m.

### BiCA-Good Morning Design

is pleased to invite you to **Anteprima**, presentation of the new collection of **decorative mirrors**, called **“Mirror of wonders”** and acrylic mirror accessories.

A poetic tale that explores **atmospheres of other times with a spontaneous and elegant style.**

### MIRRORS OF WONDERS. Secret garden

Decorative mirrors as imaginary holes, through which it is possible to observe a **secret garden**. The BiCA-Good Morning Design installation recreates a garden in full bloom, through the compositions of mirrors that portrays parts of branches, bushes and field flowers.

**As in a painting, each mirror takes part to to the whole tale even if it always keeps its identity and story. In contemporary tone**, the subjects evoke the **illustrations of ancient botanical manuals**, revisited in blue and green tonalities, recalling at the same time the **retro charm of the ceramics of the 19th century.**

The mirrors, 16.5 cm and 12 cm of diameter, are composed of an engraved acrylic mirror plate and a wooden base to hang it to the wall.

### ABOUT

This is a really nice story, that starts in Lisbon in front of a coffee and many “pasteis de nata” and goes on in Milan among work tables and lab tools.

It’s the story of a friendship and of an idea, whose ingredients are the **passion for a refined and elegant style with a retro flavour and the desire “to make things with our own hands”.**

Alice and Elena, after years of work and research in the architectural and graphic field, in 2015 see in **digital fabrication technologies** an opportunity to develop a new and autonomous project.

It’s the birth of **BiCA-Good Morning Design**, a reality of an independent self-released design.

The brand realises home décor items, accessories and jewelry with an essential, **minimal and poetic style**, exploring **atmospheres of other times but always with a contemporary slant.**

Each product invites to **creativity and to smile, since early morning!**

**Alice Azario + Elena Tirinnanzi, founders of the brand**
